**Home Description:** Our home is nestled on a corner lot in the center of town, across the street from the local high school and within walking distance of many parks. Our home is split-level and has 4 bedrooms with 2 bathrooms. We have large trees that shade our house in the summertime with a fully fenced-in back yard that we and our pets thoroughly enjoy.

**Pets:** We have 3 dogs and 1 cat. Our dogs are Blue (5 years old), Fonzi (12 years old) and Mattie (4 years old); our cat is named Richard (13 years old). All of our animals are treated like family and love interacting with people and children.

**What we most look forward to as parents:** We cannot wait to embrace parenting together; we look forward to passing down family traditions, encouraging talents and making memories that last a lifetime.

**Our thoughts on adoption:** We are very excited to grow our family through adoption. We have always wanted to be parents and we know that family isn't always defined by genetics. It's defined by commitment and love. We are so excited to be on this journey!
