**Home Description:** We live in a family friendly neighborhood with schools and large playgrounds within short walking distance. Our two-story home includes 5 large bedrooms, an open floor plan, a fenced backyard with a cool play-set and plenty of room for kids to stretch their legs and fuel their imaginations! Our backyard and deck are often THE gathering place filled with friends and family and good food, fun, laughter.

**Pets:** We have 2 dogs, Chance (16) & Tater (12) and 2 cats, Koda (9) and Callie (2)

**What we most look forward to as parents:** From our childhoods we remember camping trips with s'mores, bike riding through the neighborhood, family reunions & holidays, baseball games and chaotic road trips with family. We are excited to share those same adventures with the next generation.

**Our thoughts on adoption:** We support open adoption because it's important to us that your child knows where they came from to understand and appreciate the tremendous sacrifice you've made out of love. We are excited and we want you to know that we (and our families!) will love your child unconditionally and nurture them to grow up to be a person we can all be proud of! We look forward to working together to create a plan that will honor and respect the level of openness you choose for yourself, your family and your child.
