Name: Emily

Occupation: Agriculture/Natural Resources

Favorite Activities: Cooking, hiking, stargazing, identifying wildflowers, board games

Fun Fact: I won a local culinary contest with my chili recipe!

Children: None yet

Religion: Christian

Home Description: Our house has three bedrooms and two bathrooms, with a basement and a main level. We have a fenced-in backyard, and a cozy enclosed porch that collects plenty of sunlight. We live in a medium-sized town, close to the local schools, grocery stores, many restaurants, walking trails, and city parks. One of our favorite things about our home is the big kitchen, which is great for hosting guests, and lots of family members!

Pets: We have an Australian shepherd named Magnum, who is loyal, sweet, and loves cheese. We also have a Pomeranian Chihuahua, Sadie, who is adorable, affectionate, and loves to nap.

What We Most Look Forward to as Parents: We are excited to teach our child that they are infinitely loved. The main tenet of our faith is the unconditional love of God, and we would consider it our greatest accomplishment to reflect this deep love to our child. We want to instill compassion and kindness, while also empowering our child to make their own choices and discover their own path.

Our Thoughts on Adoption: After many years of discussion and prayer, we decided that adoption is the way we want to grow our family. We are excited about opening our hearts and home to the many new relationships adoption can bring. We are open to contact that you are comfortable with, but no matter how this relationship unfolds, we will always communicate the deep love you hold for your child.
