

Dear Birthparent,

We truly cannot express in words how grateful we are that you are considering us to be parents for your child. You are faced with one of the hardest decisions anyone could ever have to face and we think you are very brave and strong.

We can't wait to get to know you. We also hope that this profile gives you a glimpse at what our lives are like and how we hope to parent.

Children: We have one son, Phineas, who joined our family through adoption. He is two and is very excited to become a big brother.

Religion: We are Christians and attend church regularly. We enjoy serving our community as a family.

Home Description: Our house was built in the 60s so it has some character! It has 4-bedrooms and a large play area in basement for Phin and his friends. We also have enough yard to play in and live close to parks.

Pets: Bacon is an older black lab mix and Pike is a "mini"-Australian Shepard. Both are great with kids and give lots of kisses!

What we enjoy about being parents: Being parents has been an amazing adventure as we get to watch Phin grow. It changes all the time and has been everything we've hoped for! We can't wait for the opportunity to add another to the mix!

Our thoughts on adoption: We are adopting again as we wish to continue to grow our family and give Phin a sibling. Openness is something we are very open to and are willing to come to an agreement to what an open adoption will look like.
